Benedikt Viebahn, Frontend Engineer

Dedicated Frontend Engineer with a passion for developing high quality responsive applications for various platforms using modern technologies like React/React Native, TypeScript and GraphQL. I highly value clean, testable and maintainable code and I'm eager to create a great product that is fun to use.

💼 Employment History

Software Engineer at Bringmeister GmbH, Berlin

October 2017 - Present

At Bringmeister I work in a SCRUM team developing web- and cross-platform mobile applications. In recent years I have mainly focused on mobile app development using React Native. My tasks at Bringmeister include:

- Contributing to the development of new features from concept through implementation
- Maintaining, optimizing and troubleshooting mobile apps
- Developing unit- and end-to-end tests
- Deploying and automating the deployment of mobile apps

Werkstudent Software Engineer at Dental Wings GmbH, Berlin

January 2016 - July 2017

While studying at Humboldt-Universität zu Berlin I worked at Dental Wings on a complex application targeted at dental technicians using Java.

🎓 Education

B.Sc., Angewandte Informatik, Hochschule für Technik und Wirtschaft Berlin

October 2017 - April 2022

No graduation, Informatik, Humboldt-Universität zu Berlin

October 2014 - October 2017

**Abitur, Kaufmännisches Berufskolleg Oberberg**

2011 - 2014
